

Bachelor of Arts Applied Early Childhood Education – Level 7

What is this course about?

The introduction of the higher capitation for Early Childhood services that operate the free pre-school year has resulted in an increased demand for qualified staff to meet the requirements. In order to obtain higher capitation from the Department of Children & Youth Affairs a service must be able to show that all the required Pre-school Leaders in the service hold a major award at Level 7 on the NFQ or equivalent in childhood / early education and have at least 3 years' experience in the childcare sector.

Ongoing professional development must be at the heart of any organisation or sector, but especially in the Early Year's sector. This level 7 award will incentivise the sector to continue to up skill and in doing so provide real change for the sector and for children. Candidates with a full Level 6 award in Supervisory Childcare and a minimum of 3 years full-time practice experience are eligible to apply.
